The Honorable Tom Cole
Chairman
House Appropriations Committee
H-307, The Capitol
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for City of Agoura Hills Affordable Housing Microgrid Project in fiscal year 2026. The entity to receive funding for this project is the City of Agoura Hills, located at: 30001 Ladyface Court, Agoura Hills, CA 91301.

The funding would be used for a microgrid system for affordable housing units in the city. This development will consist of 11 single-family prefabricated homes, each integrated into a shared microgrid to maximize energy independence and sustainability. This project represents a forward-thinking solution for sustainable, affordable housing in Agoura Hills, creating a resilient, self-sufficient community that prioritizes energy-efficient solutions. This small-scale project can be used as a test case to make further investments into other established developments throughout the city. The project is an appropriate use of taxpayer funds because affordable housing development is a key national priority, especially in higher cost areas of the country.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

JULIA BROWNLEY
Member of Congress
