Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Bridge Replacement at Las Posas Road (U.S. 101) and Ventura Boulevard in fiscal year 2023.

The entity to receive funding for this project is the City of Camarillo, located at: 601 Carmen Drive, Camarillo, CA 93010.

The funding would be used for the Bridge Replacement at Las Posas Road (U.S. 101) and Ventura Boulevard project (National Bridge Inventory No. 52C-0086). The \$4 million request will be used to replace the deteriorating concrete bridge that crosses diagonally beneath the intersection of Las Posas Road and Ventura Boulevard in the City of Camarillo, California. The intersection is located just south of the U.S. 101 Las Posas Road southbound off ramp and receives an average of over 32,000 vehicles per day, connecting U.S. 101 to the Camarillo Airport, regional commercial and shopping districts, agricultural farmland, the Naval Base Ventura County, and Port of Hueneme. Las Posas Road is listed on both the National Highway System and the Strategic Highway Network. The proposed project will replace the bridge in its entirety and include an extension necessary to keep the intersection open during phased construction. This extension will also be used to bring the existing bridge up to current standards for pedestrian and bicycle use.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Julia Brownley".
