The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Calleguas Municipal Water District Lake Bard Pump Station Project in fiscal year 2025. The entity to receive funding for this project is Calleguas Municipal Water District, located at 2100 Olsen Road, Thousand Oaks, CA 91360.

The funding would be used for the installation of a new pump station that would allow treatment of an additional 3,000 acre feet of water that the current pump cannot provide. By yielding an additional 30% of emergency supply, the pump station would help maintain consistent water delivery to hundreds of thousands of residents, businesses, and institutions. The project is an appropriate use of taxpayer funds because this project is critical for the hundreds of thousands of Ventura County residents, businesses, and institutions who rely on Calleguas for their drinking water every day.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Julia Brownley", with a checkmark at the end.
